

# Autism Treatment Network

## *Strategic Overview 2010-2012*

### Our Vision:

To improve the lives of all children and families with ASD globally by making a high quality, comprehensive, and multidisciplinary continuum of care accessible within local communities

### Our Mission:

The Autism Treatment Network shall be a leader in providing and expanding access to state-of-the-art comprehensive and coordinated medical care for children and adolescents with autism spectrum disorders (ASD), and in developing the evidence to advance the improvement of care for these children and their families.

### Our Goals:

**Quality:** Improve the quality of medical care for children and adolescents with ASD

**Access:** Increase the availability of a comprehensive, coordinated, longitudinal care model for all children with ASD

**Research:** Advance the evidence-base and research on medical issues in order to provide better care for children with ASDs

**Leadership:** Become the leading clinical network on medical issues related to ASD
