About us

The Autism Speaks Walk is the world's largest autism fundraising event. It brings together people with autism and the parents, grandparents, siblings, friends, relatives and providers in a network of friendship and support. Walk continues to be the largest funding source of our critical mission and serves as a safe place for communities across the country to unite.

The need

1 in 36 children and 1 in 45 adults have autism

in the U.S. Each requires a different type and amount of support. Some may live entirely independently while others require 24/7 care. With so many children and adults in the U.S. on the spectrum, autism affects every member of our community. From aunts and uncles to grandparents, friends and neighbors, we're all a part of the autism community. Together, we can help all people with autism live life to the fullest.

Our mission

Autism Speaks is dedicated to promoting solutions, across the spectrum and throughout the life span, for the needs of people with autism and their families. We do this through advocacy and support; increasing understanding and acceptance of people with autism and advancing research into causes and better interventions for autism spectrum disorder and related conditions.

At Autism Speaks, our vision is a world where all people with autism can reach their full potential.

How Your Fundraising Helps

Successfully advocated
for **autism insurance**
benefits in all

50
states

Created an **online**
